PROFESSIONAL SUMMARY

Computer Science and Engineering undergraduate with hands-on experience in full-stack web development through practical projects and a completed Full Stack Development Internship at CodeAlpha. Skilled in Java, C++, JavaScript, HTML, CSS, React.js, Node.js, Express.js, REST APIs, MySQL, and PostgreSQL. Experienced in developing web applications featuring authentication, database integration, CRUD operations, and API-driven functionality. Eager to apply technical skills, strengthen problem-solving abilities, and contribute to software development teams.

EDUCATION

Bachelor of Technology - Computer Science & Engineering from **Dr. APJ Abdul Kalam Technical University**, Lucknow, Uttar Pradesh — 2023 - Pursuing

Senior Secondary (Class XII) from DPSVM Inter College Bilari, State Board — 2022

Secondary School Examination (Class X) from DPSVM Inter College Bilari, State Board — 2020

TECHNICAL SKILLS

- **Programming Languages:** Java, JavaScript, C, C++
- **Frontend & Backend:** HTML, CSS, React.js, Node.js, Express.js, Next.js, REST APIs
- **Databases:** MySQL, PostgreSQL, MongoDB
- **Tools & Platforms:** Git, GitHub, VS Code
- **Core Competencies:** Data Structures & Algorithms, Object-Oriented Design, System Design Fundamentals
- **Development Practices:** API integration, Database Connectivity, Debugging, Application Testing

EXPERIENCE

Full Stack Development Intern | CodeAlpha

10 September 2026 – 10 October 2026

- Successfully completed a Full Stack Development Internship involving the development of functional web applications.
- Developed **AuraMart**, a full-stack e-commerce platform featuring authentication, product management, shopping cart, and order processing.
- Built a **Social Media Platform** with user authentication, posts, likes, comments, follow functionality, and user profiles.
- Developed **Task Diary**, a project management tool featuring project and task management, comments, and team collaboration.
- Applied **HTML, CSS, JavaScript, Node.js, Express.js, PostgreSQL, REST APIs, and Git/GitHub** in full-stack development projects.
- Published project repositories on GitHub to showcase practical development skills.

MERN Stack Development Training

Offline Training — College | 08 October 2026 - Present

- Currently undertaking practical MERN Stack development training at college.
- Learning MongoDB, Express.js, React.js, and Node.js for full-stack web development.
- Building knowledge of frontend-backend integration, REST APIs, and database connectivity.

PROJECTS

Job Application Tracker | *HTML, CSS, JavaScript, Node.js, Express.js, MySQL, REST APIs*

GitHub: https://github.com/yudii1107/JobApplicationTracker

- Built a full-stack job application tracker with CRUD operations for managing job applications.

- Developed RESTful APIs using Node.js and Express.js with MySQL for persistent data storage.
- Implemented search, status-based filtering, and a dashboard to track application progress and statistics

AnshaMart — E-Commerce Website | *HTML, CSS, JavaScript, Node.js, Express.js, REST APIs, PostgreSQL*
GitHub: https://github.com/yudii1107/ANSHAMART

- Developed a full-stack e-commerce website with product listings, product details, and user authentication.
- Developed the frontend using HTML, CSS, and JavaScript, and built backend REST APIs using Node.js and Express.js.
- Implemented shopping cart, user registration/login, and order processing functionality.
- Integrated a PostgreSQL database to manage products, users, and orders.
- Implemented REST APIs for communication between the frontend and backend

AuraMart — E-Commerce Website | *HTML, CSS, JavaScript, Node.js, Express.js, REST APIs, PostgreSQL*
GitHub: https://github.com/yudii1107/CodeAlpha_AuraMart

- Built an e-commerce application as part of CodeAlpha internship assignments.
- Implemented product listings, user authentication, shopping cart, and order placement workflows.
- Integrated backend routes with PostgreSQL for persistent application data.
- Implemented order creation and product stock updates as part of the purchasing workflow.

Social Media Platform | *HTML, CSS, JavaScript, Node.js, Express.js, PostgreSQL*
GitHub: https://github.com/yudii1107/CodeAlpha_SocialMediaPlatform

- Developed a social networking application with user registration, login, and profile management.
- Implemented posts, likes, comments, and follow functionality.
- Connected frontend interactions to backend APIs and persistent PostgreSQL data.
- Tested authentication, feed, profile, and social interaction workflows.

Task Diary — Project Management Tool | *HTML, CSS, JavaScript, Node.js, Express.js, PostgreSQL*
GitHub: https://github.com/yudii1107/CodeAlpha_ProjectManagementTool

- Developed a project management application for organizing projects and tracking tasks.
- Implemented task management features with project-specific views, task statuses, and priorities.
- Added comments and team collaboration functionality.
- Integrated frontend interactions with backend APIs and PostgreSQL for persistent data storage.

CERTIFICATIONS

- Getting Started with Artificial Intelligence — IBM Skillsbuild
- Data Structures and Algorithms with Java — Apna College
- Web Development — Apna College
- CodeAlpha — Full Stack Development Internship Completion

ACHIEVEMENTS and EXTRACURRICULAR ACTIVITIES

- Participated in college-level technical activities, presentations, and team-based tasks.
- Continuously improved problem-solving and coding skills through practice and self-learning.
- Demonstrated teamwork, adaptability, and willingness to learn in academic and project environments.
- Received a Letter of Recommendation (LOR) from CodeAlpha following successful completion of the Full Stack Development Internship.

STRENGTHS

- Problem-solving and logical thinking
- Self-learning and continuous improvement
- Persistence in debugging and resolving technical issues
- Adaptability when learning new technologies
- Organized approach to development and testing

- Willingness to learn from feedback and improve code quality

HOBBIES

- Building coding projects and exploring web technologies
- Learning about software development tools and frameworks
- Following cricket

LANGUAGES

- Hindi
- English
